

MULTISITE ACCELERATOR

Accelerate Your Impact to Reach More People Through More Sites and Church Starts

We help leaders get beyond talk to real implementation that leads to measurable impact.

Your Next Generation Multisite Ministry Model.

The Multisite Accelerator strategy involves equipping the leader and building the team to work together in an effort to accelerate and multiply the geographic reach of their church. Through exposure to cutting-edged digital solutions, customer identification and analytics, and an innovation driven strategy, leaders can continually test and improve their model in order to accelerate results and multiply impact.

How Does It Work?

Our Multisite Accelerator involves three, 3-day world-class facilitated gatherings with your team over the course of one year. Leadership Network's proven process provides:

- Connection with other pioneering churches - true peers
- Analysis of your current multisite initiatives
- Access to Christian leaders in world-class organizations who have accelerated the impact of their companies across thousands of sites
- Development of a comprehensive plan that will help your team get to its highest level of impact

The Accelerator experience also includes:

- Monthly online group sprint session led by the Leadership Network team
- Monthly office hours where your team can schedule an online coaching call with the director.
- Five Leadership Network Church Implementation Lab memberships for your team

What Is the Value?

Purchased separately, the components of the Multisite Accelerator would total \$29,940:

Three group sessions for your team of three with other innovative church teams: \$12,000

Monthly online group sprint sessions: \$6,000

Online coaching sessions with your Leadership Network Director: \$6,000

Five Church Implementation Lab memberships for your team: \$5,940

What Do You Pay?

Charter rate is \$12,000 for a team of five people coming to each gathering. Registration limited to the first 15 who sign and pay a \$5,000 deposit.
